WHY TRAIN YOUR STAFF?

Training is more than just a necessity—it's a fundamental pillar of effective hotel management. It ensures that you meet and exceed Occupational Health and Safety (OHS) requirements while providing your staff with the knowledge and skills they need to excel. Beyond compliance, quality

training boosts employee engagement, improves retention, and enhances guest relations—creating a more motivated team and a better experience for your guests. Invest in training today and give your team the tools to thrive! Invest in training today and give your team the tools to thrive!

COURSE CATEGORIES

HEALTH AND SAFETY

The Health and Safety course category offers a comprehensive range of training focused on maintaining a safe and compliant work environment. Covering topics such as workplace safety, emergency response planning, health regulations, and injury prevention, these courses address key areas like WHMIS, violence prevention, mental health, and security. Participants can explore a variety of specialized courses, including those on workplace inspections, first aid, musculoskeletal disorders, and interacting with vulnerable individuals. This category also includes webinars and instructor-led training on critical topics like WCB claims, return-to-work principles, and hazard assessments, all designed to support the safety and well-being of hotel staff.

HUMAN RESOURCES

The Human Resources course category for the hospitality industry focuses on building a positive, inclusive, and compliant workplace. Offering a variety of courses, it covers essential HR topics such as employment standards, neurodiversity, mental health, and workplace bias. Participants can access specialized training on leading with mental health in mind, disrupting bias, and fostering inclusive environments. Additional courses on immigration, inclusive hospitality, and embracing diversity help ensure that hotel staff and management are equipped with the knowledge to create a welcoming, fair, and supportive workplace for all.

OPERATIONS

The Operations course category for the hospitality industry provides essential training to enhance efficiency, reduce risks, and improve overall hotel performance. Covering a wide range of topics, this category includes courses on loss prevention, risk management, financial leadership, and operational best practices. Participants will gain valuable introductions into key occupations such as housekeeping, front office, food & beverage, and hotel sales. Specialized courses also address emerging concerns like cyber and privacy risks, preventing water damage, and pool operation certification. Designed for both new and experienced professionals, these courses help ensure smooth and successful hotel operations.

COURSE TYPES

E-LEARNING

E-learning provides flexible, self-paced online courses that allow learners to access training materials anytime, anywhere. This approach offers the convenience of learning at your own speed, making it ideal for busy schedules. With e-learning, you can revisit content as needed, track your progress, and learn at a time and place that suits you best, enhancing both understanding and retention.

INSTRUCTOR-LED TRAINING (ILT)

Instructor-led training offers structured learning with a live instructor, providing real-time interaction and guidance. This format allows for immediate feedback, hands-on support, and collaborative learning with peers. With an instructor leading the session, learners can ask questions, engage in discussions, and gain deeper insights into the material, ensuring a more personalized and dynamic learning experience. Most of our courses are delivered virtually to make them accessible and cost-effective throughout the province.
